Department of Mathematics
Activity: Field Visit to Ahobilam and Yaganti

Date:15-12-2021

Brief Report

Objective: The main objective of field visit is to collect geographical information. Students can learn more about the past from historic monuments than what is offered in books.

Procedure: On 15-12-2021, we the faculty of Department of Mathematics along with our students visited the historical places Ahobilam and Yaganti in Allagadda mandal of Kurnool district. We reached Ahobilam by 1:00 PM. Ahobilam is the place, which exhibits nine distinct iconographical forms of Narasimha. In addition to this, this place is intimately associated with VansatagopaJiyar, the first jiyar of the Ahobila Math. We enjoyed by seeing spectacular setting of the cave shrines on the Nallamala hill ranges, pillared mandapas, maths and other structures at this hill. After that we reached Yaganti by 4:45 PM. We visit the temple which was constructed by King Harihara Bukka Raya of the Sangama Dynasty of the Vijayanagara Empire in the 15th century. It was built according to Vaishnavite traditions. We were specially attracted by the hills of Yaganti. No learning is complete without the reflection of the observations done by the students. Students were asked to gather their learning and reciprocate their observations on a reflection sheet. Each of the places had its own unique beauty and the students had great time along with a remarkable learning experience

Outcomes: By this visit Grasping ability enhanced in students when they learn through observation. Students learn about the heritage and culture of the temple and the faith of systems.

Respected Sir,

Sub: Requisition for Field trip to Ahobilam & Yaganti, Kurnool district on
15.12.2021- permission - Reg.

We would like to visit Ahobilam & Yaganti, Kurnool district on 15.12.2021 with students of III B.Sc.(MPCs, MPC & MECs), students as a field trip. This visit will help the students as they can gain practical knowledge about environment and its protection concepts and so, please permit us to visit with students. The following staff members are accompanying the students. Students list is enclosed herewith.

1. T. Renuka Devi, Lecturer in Mathematics.

T. Renuka Devi

2. Y. Pradeeptha, Contract Lecturer in Mathematics.

Field Trip Report

Field trip to Ahobilam and Yaganti on 15/12/2021

We are the student of III B.Sc, We went to on the behalf of Maths Department on started here by 5:45 am we reached perisolen (dist) at 9:30 am and we head our there which are provided by Philanthropist.

It was very nice. Then, we continued our journey am and reached Ahobilam by 1:00 PM. There the Lord Narasimha. We enjoyed the nature of Ahobilam, which was covered by hills, greenery, waterfalls. We captured photos with our team.

After lunch there and again we started our at 2:30 PM to Yaganti, at the meantime with songs, some role plays etc. Then finally reached to Yaganti at 4:45 PM. It was the

place. We were specially attracted by the And also we pay a visit to Lord -

swara and there we are spent some the occasion of 'devotion of God'. And

ended with sunset and we had snacks and finally we are captured some photos with
